

Dear Mr. Milstein

Several of my friends use wheelchairs, and I know how hard it is for them to get around the city.

If the cities cabs were accessible it would greatly improve their lifestyle. It's hard enough just having a disability.

I grew up in Philadelphia, and I would be happy to assist Phila. any way I can in order to have this passed as I truly believe that it is something our city needs. I am also aware that we are behind every major city on this issue, and that's intolerable.

Please let's show them that Philadelphia is the greatest city in the US, by taking care of all our people.

Thank you.

Sincerely

Gary Parkin
