

Dear Mr. Milstein

I am writing to support the PPA's proposed regulations to make more Philadelphia taxicabs accessible to wheelchair users.

Philadelphia buses have been made wheelchair friendly, and thanks to the many drivers who assist wheelchair users as well as passengers who now exhibit much more patience, the accomodation works, as evidenced by smiles all around.

As a Philadelphia resident since 1972, my hat is off to you and The Parking Authority for proposing this effort on behalf of our physically disabled brothers and sisters.

Ted Robb
