

ATTENTION

PennDot Motor Vehicle Processing Policy

PennDot work that needs to be stamped will require a minimum wait time of 4 hours and can take up to a maximum of 24 hours for processing.

In the event that we are not very busy, we will attempt to process your paperwork immediately while you wait, however, this cannot be guaranteed and will only apply to companies with 3 or fewer medallions.

For your convenience, Tuesdays and Thursdays have been designated for same day pick-up. If the paperwork is dropped off before 10am, you will be able to pick it up by 4pm the same day. *(This excludes courier services dropping off more than 2 companies at a time.)*

In cases involving multiple companies with large numbers of vehicles to be processed, appointments may be scheduled in order to insure more efficient and timely service.

Please Note: Incomplete paperwork, outstanding parking tickets and/or TLD fines will result in your paperwork being returned to you without being stamped.
