

**The Philadelphia Parking Authority
701 Market Street, Suite 5400
Philadelphia, PA 19106**

**RFP No. 20-07 Service & Maintenance
On Access Control and Video Surveillance**

To: See Email Distribution List

From: Mary Wheeler
Manager of Contract Administration

Date: November 18, 2020

No Pages: 1 + Exhibit A

This addendum is issued on Monday, November 18, 2020 prior to the proposal due date to add, delete, modify, clarify and/or to respond to questions submitted by prospective Offerors regarding the work included in the above referenced solicitation.

CHANGES TO THE RFP DOCUMENT

1. Replace pages 2 and 3 of the proposal form with the revised pages attached as Exhibit A.
2. Proposal Submission: Due to work at home protocols, proposals must be submitted via email by sending one pdf file, that is password protected to Mary Wheeler, mwheeler@philapark.org. This file must be received no later than 1:00 PM, December 2, 2020. After the proposal due date and time you will be contacted to provide the password.

You must also mail the original proposal to Mary Wheeler, Philadelphia Parking Authority, 701 Market Street, Philadelphia, PA 19106. This does not have to be received prior to the due date and time.

QUESTIONS

1. **Question:** Regarding part 4 of the Request for Proposals, page 13 paragraph F states that certifications are required for the Keri Access Software with Mercury Firmware. There is no certification offered for these items. Additionally, local certification classes for the BVMS Video Management Package are not being offered until February 2021. Is it possible under tab B, the qualifications and experience portion of our proposal, that we could list our current experience with the installing and maintaining of hundreds of Bosch CCTV camera installations, with the understanding that we would then propose to have our technicians certified once they take the class in February?

Response: Certification will not be required for the Keri Access Software with Mercury Firmware. The Authority will accept proposals with the understanding that certain technicians may not be certified until February 2020.

2. **Question:** Regarding the proposal form, page 6, line items 2-4 (LF of Conduit), what type of conduit should be included in the unit pricing, EMT, PVC or RGS?

Response: EMT.

END OF ADDENDUM TWO

5. Cost Proposal:

A. Offeror must complete the cost proposal for the hourly rate for preventative maintenance and repair services. Additional, provide pricing premium hourly rates for repair calls outside of normal hours of operation.

	Year 1 – 3	Year 4	Year 5
Hourly Rate: Regular Time Maintenance and Repair Services			
Hourly Rate: Premium Time Repair Services Only			

B. Provide unit costs for the replacement of existing equipment.
