## Vehicles Approved for use as Luxury Limousines

Please refer to TLD Regulation 52 Pa. Code § 1055.3 concerning limousine age and mileage parameters. A request to add a vehicle to the list of approved makes and models of vehicles for use in luxury limousine service must be submitted in writing to the Taxicab and Limousine Division's Administration Department at [TLDAdmin@philapark.org](mailto:TLDAdmin@philapark.org). The request must include the manufacturer vehicle specs and photos. Please note that all limousine vehicles must be in compliance with **52 Pa. Code Chapter 1055 (relating to vehicles and equipment requirements) and 52 Pa. Code § 1053.23 as follows:**

(a) Luxury limousine service may be operated only in luxury type vehicles.

(b) Luxury type vehicles are vehicles manufactured or subsequently modified so that they have physical configurations and accessory features that are not considered as being ordinary, standard or commonplace in lower to moderately priced vehicles. Luxury type vehicles are intended to afford patrons a higher level of service and comfort than are ordinarily available in call or demand, paratransit and airport transfer services. To qualify as a luxury type vehicle, a vehicle must have at a minimum: air conditioning, AM/FM stereo radio, deluxe leather or deluxe fabric upholstery, deluxe wheels or wheel covers, four doors and a wheelbase of at least 109 inches. Other amenities which limousine service might afford are CD changer, Internet access, reading lights, work desk or table, cellular phone, refrigerator, television, VCR, DVD player, extended wheelbase and privacy dividers.
