QUESTIONS

- 1. Question:** To allow for a thorough review and response, would the Philadelphia Parking Authority, (“Authority”), consider an extension to the due date of two (2) weeks, to July 9, 2021?
Response: See Changes to the RFP Document #1 above.
- 2. Question:** If the proposal due date is not extended, would the Authority consider an extension to the week of presentations?
Response: See Changes to the RFP Document #1 above.

3. **Question:** The work statement contains a summary of required PARCS characteristics, followed by detailed technical specifications. Taken together, these two sections include over 1000 line-items. Is it the intention of the Authority to receive a response for these 1000+ line items in the proposals? Or would it be sufficient to only include a line-item response to the summary of required PARCS characteristics?

Response: This requirement remains unchanged.
