The Authority will study and evaluate all proposals which are received in accordance with the instructions set forth in the proposal package and may select an Offeror or multiple Offerors and notify all other Offerors of the selection within sixty (60) days after the date the proposals are opened. TOWING PROCEDURES

1. The Pennsylvania State Police ("State Police") has entered into a Memorandum of Understanding with The Philadelphia Parking Authority ("Authority") to tow and store vehicles, combinations or loads (collectively "vehicle") from certain highways within the City of Philadelphia dated March 30, 2007 and as stated herein (the "MOU"). These procedures shall establish a baseline for operations between the parties and may be amended at any time by written mutual agreement of the parties.

2. Except as set forth in section 3 below, if the State Police, in the course of patrolling certain highways, come upon a vehicle found to be in violation of 75 Pa.C.S. §§ 6309, 6309.1, and/or 6309.2 (hereinafter "Live Stop"), abandoned, disabled for any reason, or a safety concern on or about the highway, the State Police shall direct towing and storage by the Authority.

3. With the exception of vehicles in excess of 17,000 pounds and those containing hazardous materials, if the owner of the vehicle is at the scene of the disabled vehicle (due to accident or otherwise), the owner may direct that vehicle be towed, within a reasonable timeframe, by a tow operator of its choosing (private tow operator, AAA, etc.). However, in the discretion of the State Police any vehicle may be designated for immediate tow by the Authority.

4. The State Police may, in its discretion, issue an appropriate citation, with each relocation and prepare the appropriate incident or tow report.

5. In order to direct a tow by the Authority the State Police will contact the Authority Radio Room at 215-683-9773. The State Police will provide the Radio Room operator with the vehicle location, make, model and color, license plate number, and State Police incident number. The Authority Radio Room will dispatch the Authority tow operator to the scene.

6. Barring emergency or other mutually agreed to circumstances, all vehicles not containing hazardous materials and being under 17,000 pounds will be towed pursuant to these procedures shall be relocated to Authority Impound Lot #1 (2501 Wescocoe Avenue, Philadelphia, PA.), all other vehicles shall be tow to Impound Lot #4A (3201 N. Delaware Ave.). In the event the State Police direct that a vehicle be Towed for investigatory reasons, it shall be towed to the location designated by the State Police at no charge to the State Police.

7. The Authority will provide a separate line item with its accounting and budgeting reports for the Highway-related towing operation. Costs should include staffing, equipment, maintenance and operating costs for the exclusive Highway towing operation. Reports will be included in the existing submissions to the City of Philadelphia.

8. In the event any vehicle towed and stored by the Authority carries outstanding moving violations or Philadelphia parking violations, and barring a court order otherwise, such costs
EXHIBIT “A”

shall be paid by the owner of the vehicle to the Authority prior to release in addition to other outstanding costs and fees permitted by the MOU.

9. Except for vehicles towed and stored by the Authority for Live Stop violations, the State Police shall on the date of towing either provide written instructions by hand delivery (when the owner is on the scene at the time of the tow) or mail a letter to the vehicle’s owner stating the vehicle’s location, the manner in which the vehicle may be reclaimed, and the time frame for doing so before the vehicle is declared abandoned or unclaimed.

10. Approximately one week following the towing and storage of any vehicle pursuant to the MOU, such vehicle will be assigned an Authority auction number for reference. Such number will reflect that this vehicle was towed at the request of the State Police and will be given the following letters “ST” which will show that this was a “State Tow”. (e.g. “GS100ST”).

11. The State Police may direct that any fees or costs permitted by law and associated with any vehicle towed and stored by the Authority be paid to the Authority as agent for the State Police as a requirement for the vehicle’s release from storage by the Authority.

JOINT GENERAL COURT REGULATION

COURT OF COMMON PLEAS AND TRAFFIC COURT

No. 98-2

Procedure for Sale of Motor Vehicles Impounded for Driving Without Operating Privileges or Registration Pursuant to 75 Pa. C.S. §6309.2

On July 2, 1996, Governor Thomas Ridge signed Act No. 1996-93 which authorizes the impoundment and sale of motor vehicles under certain specified situations. The within Joint General Court Regulation sets forth the procedure to be followed in implementing Section 6309.2, which authorizes the impoundment and sale of motor vehicles for driving without operating privileges or registration.

1. Motor Vehicles Eligible for Immobilization and Impoundment. Motor vehicles are subject to immobilization and impoundment for two reasons:

a. Motor vehicles driven by an unlicensed person, or while the person's operating privilege is suspended, revoked, canceled, recalled or disqualified; or

b. Motor vehicle itself is not registered, or for which the registration is suspended for failure to secure or maintain financial responsibility.

2. Prerequisite to Immobilization and Impoundment. The bases identified in Section 1 above must be verified with the applicable Department of Motor Vehicles by the Philadelphia Police Department before the motor vehicle may be immobilized and impounded.

3. Prerequisites to Impoundment. A motor vehicle may not be impounded for a 24-hour period after it is immobilized so as to enable the owner or operator of the immobilized motor vehicle to appear in Traffic Court and furnish proof of registration and financial responsibility and compliance with Titles 42 and 75. During that 24-hour period, however, the motor vehicle shall be immobilized and may be transferred to a secure location for safe keeping.

4. Designation of Enforcement Officer. The Traffic Court may, from time to time, appoint such "appropriate towing and storage agents" as may be necessary to undertake the impoundment and notification required by Act No. 1996-93.

5. Impoundment. Upon expiration of the 24-hour period as set forth above, if a Certificate of Release has not been issued evidencing compliance with 75 Pa. C.S. §6309.2(b) and Sections 2 and 3 above, the appointed towing and storage agents shall impound the vehicle and store same at an appropriate location.

6. Notice of Impoundment. When applicable, the appropriate law enforcement officer shall issue a citation or summons to the operator of the motor vehicle. The appropriate towing and storage agent shall notify the title owner of the vehicle or combination and any lienholder and, if applicable, the owner of the load, of the fact that the motor vehicle has been impounded pursuant to 75 Pa. C.S. §6309.2 and of their right to recover the said
motor vehicle by showing compliance with 75 Pa. C.S. §8309.2(b). The notice shall further provide that if the vehicle is not recovered by a stated date, the vehicle will be sold. The notice shall be substantially in the form set forth hereunder as Exhibit "A." Notice shall be sent to the addresses on file at the appropriate departments of motor vehicle by regular mail, which the Court finds to be the most expeditious means, and a Certificate of Mailing shall be obtained. Notice shall be deemed to have been provided upon the mailing of the notices as set forth herein.

7. Obtaining Leave of Court to Sell Vehicle. A Petition and Motion Court Cover Sheet shall be filed with the Prothonotary and Civil Administration setting forth, inter alia, that prior to impounding the motor vehicle, the operator and owner of the motor vehicle had 24 hours to obtain a certificate of release as provided in 75 Pa. C.S. §8309.2(b), and further setting forth the efforts made to notify the owners, and lienholders of record, the fact that no Certificate of Release has been issued, or if issued, that the vehicle has not been recovered. Copies of the notices sent to the appropriate parties and the Certificates of Mailing shall be attached to the Petition. Upon review of the Petition, the President Judge of the Court of Common Pleas, or his designee, if satisfied that the required Notices were sent, that no Certificate of Release was issued, or that if issued, the vehicle has not been recovered, the owner or operator of the impounded motor vehicle have not complied with 75 Pa. C.S. §8309.2, and that the requisite fines and costs have not been paid, may enter an Order authorizing the Traffic Court, through its authorized agent, to sell at public auction the motor vehicles described in the said Petition. The Order shall be substantially in the form set forth hereunder as Exhibit "B."

8. Notice of Auction Date and Rights of Owners of Record and Lienholders of Record Pending Auction. Notice of the auction dates shall be provided as set forth in Section 6 above. Notice of the public auction shall also be provided by publication at least five (5) days before the auction in The Philadelphia Inquirer or The Philadelphia Daily News, or as otherwise directed by the Court of Common Pleas. At any time prior to the auction date, any operator, owner, or lienholder, may obtain the release of the motor vehicle upon compliance with 75 Pa. C.S. §8309.2(b) and upon payment of the fees and costs as set forth in the Notice and as may be incurred thereafter. Upon issuance of the Certificate of Release by the Traffic Court, the motor vehicle must be picked up before the auction set forth in the Notice provided as required in Section 6 above. In the event a vehicle scheduled to be auctioned on a specific date established in accordance with the procedures set forth herein is not auctioned on that date, the said vehicle may be auctioned on a subsequent date provided, however, that the interested parties are provided new Notices setting forth the date of the rescheduled auction, substantially as set forth in Sections 6 and 8.

9. List of Successful Bidders. At the auction, the Traffic Court and/or its authorized agent, shall maintain a list of the successful bidders. The said list shall be submitted to the Court of Common Pleas within thirty (30) days after the auction so that an order may be entered, if necessary, directing the appropriate departments of transportation to extinguish title of the prior owners or lienholders of record and to issue certificates of ownership to the successful bidders. The order shall substantially be in the form set forth hereunder as Exhibit "C."

10. Disposition of Proceeds of the Auction. The proceeds from the auction shall be used to satisfy the various fines and costs in the following order: cost of sale (auctioneer, advertising); costs associated with towing and storage; administrative costs imposed by Traffic Court; fines imposed by the Traffic Court on the owner or lienholder of the impounded vehicle or land, including full payment of any sums which may be due pursuant to a payment plan approved by the Court; and City of Philadelphia parking fines. Any remaining proceeds shall be subject to the demands of the original owner and lienholder of record as their interest may appear. If not claimed within one year, any such remaining proceeds shall be forfeited to the City of Philadelphia or utilized as otherwise provided by the President Judge of the Court of Common Pleas.

11. Post-Auction Petition or Relief. Proceedings instituted after the sale or auction of any motor vehicle conducted as authorized by 75 Pa. C.S. §8309.2 and the within Joint General Court Regulation disputing the underlying facts or offenses rendering the motor vehicle subject to sale or auction shall not invalidate the sale or auction. In the event relief is granted and the underlying offenses discharged, the only entitlement the owner and lienholder may have, if raised within the applicable limitations period, shall be the return of any remaining proceeds from the sale or auction of the motor vehicle as provided in Section 10 above.

12. Effective Date. This Joint General Court Regulation shall become effective immediately.
Supreme Court of Pennsylvania, Eastern District, No. 168 Judicial Administration, Docket No. 1, Phila. Civ. R. 51 and Pa. R.C.P. 239. As required by Pa. R.C.P. 239, the original Joint General Court Regulation shall be filed with the Prothonotary in a docket maintained for General Court Regulations issued by the President Judge of the Court of Common Pleas, and copies shall be submitted to the Administrative Office of Pennsylvania Courts, the Legislative Reference Bureau and the Civil Procedural Rules Committee. Copies of the Regulation shall also be submitted to Legal Communications, Ltd., The Legal Intelligencer, Jenkins Memorial Law Library and the Law Library for the First Judicial District.

EXHIBIT "A"

TOWING PROCEDURES

1. The Pennsylvania State Police ("State Police") has entered into a Memorandum of Understanding with The Philadelphia Parking Authority ("Authority") to tow and store vehicles, combinations or loads (collectively "vehicle") from certain highways within the City of Philadelphia dated March 30, 2007 and as stated herein (the "MOU"). These procedures shall establish a baseline for operations between the parties and may be amended at any time by written mutual agreement of the parties.

2. Except as set forth in section 3 below, if the State Police, in the course of patrolling certain highways, come upon a vehicle found to be in violation of 75 Pa.C.S. §§6309, 6309.1, and/or 6309.2 (hereinafter "Live Stop"), abandoned, disabled for any reason, or a safety concern on or about the highway, the State Police shall direct towing and storage by the Authority.

3. With the exception of vehicles in excess of 17,000 pounds and those containing hazardous materials, if the owner of the vehicle is at the scene of the disabled vehicle (due to accident or otherwise), the owner may direct that vehicle be towed, within a reasonable timeframe, by a tow operator of its choosing (private tow operator, AAA, etc.). However, in the discretion of the State Police any vehicle may be designated for immediate tow by the Authority.

4. The State Police may, in its discretion, issue an appropriate citation, with each relocation and prepare the appropriate incident or tow report.

5. In order to direct a tow by the Authority the State Police will contact the Authority Radio Room at 215-683-9773. The State Police will provide the Radio Room operator with the vehicle location, make, model and color, license plate number, and State Police incident number. The Authority Radio Room will dispatch the Authority tow operator to the scene.

6. Barring emergency or other mutually agreed to circumstances, all vehicles not containing hazardous materials and being under 17,000 pounds will be towed pursuant to these procedures shall be relocated to Authority Impound Lot #1 (2501 Wewakoe Avenue, Philadelphia, PA.), all other vehicles shall be tow to Impound Lot #4A (3201 N. Delaware Ave.). In the event the State Police direct that a vehicle be Towed for investigatory reasons, it shall be towed to the location designated by the State Police at no charge to the State Police.

7. The Authority will provide a separate line item with its accounting and budgeting reports for the Highway-related towing operation. Costs should include staffing, equipment, maintenance and operating costs for the exclusive Highway towing operation. Reports will be included in the existing submissions to the City of Philadelphia.

8. In the event any vehicle towed and stored by the Authority carries outstanding moving violations or Philadelphia parking violations, and barring a court order otherwise, such costs...
shall be paid by the owner of the vehicle to the Authority prior to release in addition to other outstanding costs and fees permitted by the MOU.

9. Except for vehicles towed and stored by the Authority for Live Stop violations, the State Police shall on the date of towing either provide written instructions by hand delivery (when the owner is on the scene at the time of the tow) or mail a letter to the vehicle’s owner stating the vehicle’s location, the manner in which the vehicle may be reclaimed, and the time frame for doing so before the vehicle is declared abandoned or unclaimed.

10. Approximately one week following the towing and storage of any vehicle pursuant to the MOU, such vehicle will be assigned an Authority auction number for reference. Such number will reflect that this vehicle was towed at the request of the State Police and will be given the following letters “ST” which will show that this was a “State Tow”. (e.g. “GS100ST”).

11. The State Police may direct that any fees or costs permitted by law and associated with any vehicle towed and stored by the Authority be paid to the Authority as agent for the State Police as a requirement for the vehicle’s release from storage by the Authority.

JOINT GENERAL COURT REGULATION

COURT OF COMMON PLEAS AND TRAFFIC COURT

No. 98-2

Procedure for Sale of Motor Vehicles Impounded for Driving Without Operating Privileges or Registration Pursuant to 75 Pa. C.S. §6309.2

On July 2, 1996, Governor Thomas Ridge signed Act No. 1996-93 which authorizes the impoundment and sale of motor vehicles under certain specified situations. The within Joint General Court Regulation sets forth the procedure to be followed in implementing Section 6309.2, which authorizes the impoundment and sale of motor vehicles for driving without operating privileges or registration.

1. Motor Vehicles Eligible for Immobilization and Impoundment. Motor vehicles are subject to immobilization and impoundment for two reasons:

   a. Motor vehicles driven by an unlicensed person, or while the person’s operating privilege is suspended, revoked, canceled, recalled or disqualified; or

   b. Motor vehicle itself is not registered, or for which the registration is suspended for failure to secure or maintain financial responsibility.

2. Prerequisite to Immobilization and Impoundment. The bases identified in Section 1 above must be verified with the applicable Department of Motor Vehicles by the Philadelphia Police Department before the motor vehicle may be immobilized and impounded.

3. Prerequisites to Impoundment. A motor vehicle may not be impounded for a 24-hour period after it is immobilized so as to enable the owner or operator of the immobilized motor vehicle to appear in Traffic Court and furnish proof of registration and financial responsibility and compliance with Titles 42 and 75. During that 24-hour period, however, the motor vehicle shall be immobilized and may be transferred to a secure location for safe keeping.

4. Designation of Enforcement Officer. The Traffic Court may, from time to time, appoint such “appropriate towing and storage agents” as may be necessary to undertake the impoundment and notification required by Act No. 1996-93.

5. Impoundment. Upon expiration of the 24-hour period as set forth above, if a Certificate of Release has not been issued evidencing compliance with 75 Pa. C.S. §6309.2(b) and Sections 2 and 3 above, the appointed towing and storage agents shall impound the vehicle and store same at an appropriate location.

6. Notice of Impoundment. When applicable, the appropriate law enforcement officer shall issue a citation or summons to the operator of the motor vehicle. The appropriate towing and storage agent shall notify the title owner of the vehicle or combination and any lienholder and, if applicable, the owner of the load, of the fact that the motor vehicle has been impounded pursuant to 75 Pa. C.S. §6309.2 and of their right to recover the said
motor vehicle by showing compliance with 75 Pa. C.S. §6309.2(b). The notice shall further provide that if the vehicle is not recovered by a stated date, the vehicle will be sold. The notice shall be substantially in the form set forth hereunder as Exhibit "A." Notice shall be sent to the addresses on file at the appropriate departments of motor vehicle by regular mail, which the Court finds to be the most expeditious means, and a Certificate of Mailing shall be obtained. Notice shall be deemed to have been provided upon the mailing of the notices as set forth herein.

7. Obtaining Leave of Court to Sell Vehicle. A Petition and Motion Court Cover Sheet shall be filed with the Prothonotary and Civil Administration setting forth, inter alia, that prior to impounding the motor vehicle, the operator and owner of the motor vehicle had 24 hours to obtain a certificate of release as provided in 75 Pa. C.S. §6303.2(b), and further setting forth the efforts made to notify the owners, and lienholders of record, the fact that no Certificate of Release has been issued, or if issued, that the vehicle has not been recovered. Copies of the notices sent to the appropriate parties and the Certificates of Mailing shall be attached to the Petition. Upon review of the Petition, the President Judge of the Court of Common Pleas, or his designee, if satisfied that the required Notices were sent, that no Certificate of Release was issued, or that if issued, the vehicle has not been recovered, that the owner or operator of the impounded motor vehicle have not complied with 75 Pa. C.S. §6309.2, and that the requisite fines and costs have not been paid, may enter an Order authorizing the Traffic Court, through its authorized agent, to sell at public auction the motor vehicles described in the said Petition. The Order shall be substantially in the form set forth hereunder as Exhibit "B."

6. Notice of Auction Date and Rights of Owners of Record and Lienholders of Record Pending Auction. Notice of the auction dates shall be provided as set forth in Section 6 above. Notice of the public auction shall also be provided by publication at least five (5) days before the auction in either The Philadelphia Inquirer or The Philadelphia Daily News, or as otherwise directed by the Court of Common Pleas. At any time prior to the auction date, any operator, owner, or lienholder, may obtain the release of the motor vehicle upon compliance with 75 Pa. C.S. §6309.2(b) and upon payment of the fines, fees and costs as set forth in the Notice and as may be incurred thereafter. Upon issuance of the Certificate of Release by the Traffic Court, the motor vehicle must be picked up before the auction set forth in the Notice provided as required in Section 6 above. In the event a vehicle scheduled to be auctioned on a specific date established in accordance with the procedures set forth herein is not auctioned on that date, the said vehicle may be auctioned on a subsequent date provided, however, that the interested parties are provided new Notices setting forth the date of the rescheduled auction, substantially as set forth in Sections 6 and 8.

9. List of Successful Bidders. At the auction, the Traffic Court and/or its authorized agent, shall maintain a list of the successful bidders. The said list shall be submitted to the Court of Common Pleas within thirty (30) days after the auction so that an order may be entered, if necessary, directing the appropriate departments of transportation to extinguish titles of the original owners or lienholders of record and to issue certificates of ownership to the successful bidders. The order shall substantially be in the form set forth hereunder as Exhibit "C."

10. Disposition of Proceeds of the Auction. The proceeds from the auction shall be used to satisfy the various fines and costs in the following order: cost of sale (auctioneer, advertising); costs associated with towing and storage; administrative costs imposed by Traffic Court; fines imposed by the Traffic Court on the owner or lienholder of the impounded vehicle or load, including full payment of any sums which may be due pursuant to a payment plan approved by the Court, and City of Philadelphia parking fines. Any remaining proceeds shall be subject to the demands of the original owner and lienholder of record as their interest may appear. If not claimed within one year, any such remaining proceeds shall be forfeited to the City of Philadelphia or utilized as otherwise provided by the President Judge of the Court of Common Pleas.

11. Post-Auction Petition or Relief. Proceedings instituted after the sale or auction of any motor vehicle conducted as authorized by 75 Pa. C.S. §6309.2 and the within Joint General Court Regulation disputing the underlying facts or offenses rendering the motor vehicle subject to sale or auction shall not invalidate the sale or auction. In the event relief is granted and the underlying offenses discharged, the only entitlement the owner and lienholder may have, if raised within the applicable limitations period, shall be the return of any remaining proceeds from the sale or auction of the motor vehicle as provided in Section 10 above.

12. Effective Date. This Joint General Court Regulation shall become effective immediately.

This Joint General Court Regulation is promulgated in accordance with Act 1986-91, the May 8, 1986 Order of the United States District Court for the Eastern District of Pennsylvania, and its applicable amendments.
Supreme Court of Pennsylvania, Eastern District, No. 168 Judicial Administration, Docket No. 1, Phila. Civ. R. 51 and Pa. R.C.P. 239. As required by Pa. R.C.P. 239, the original Joint General Court Regulation shall be filed with the Prothonotary in a docket maintained for General Court Regulations issued by the President Judge of the Court of Common Pleas, and copies shall be submitted to the Administrative Office of Pennsylvania Courts, the Legislative Reference Bureau and the Civil Procedural Rules Committee. Copies of the Regulation shall also be submitted to Legal Communications, Ltd., The Legal Intelligencer, Jenkins Memorial Law Library and the Law Library for the First Judicial District.

These procedures shall establish a baseline for operations between the parties and may be amended at any time by written mutual agreement of the parties.

3. With the exception of vehicles in excess of 17,000 pounds and those containing hazardous materials, if the owner of the vehicle is at the scene of the disabled vehicle (due to accident or otherwise), the owner may direct that vehicle be towed, within a reasonable timeframe, by a tow operator of its choosing (private tow operator, AAA, etc.). However, in the discretion of the State Police any vehicle may be designated for immediate tow by the Authority.

4. The State Police may, in its discretion, issue an appropriate citation, with each relocation and prepare the appropriate incident or tow report.

5. In order to direct a tow by the Authority the State Police will contact the Authority Radio Room at 215-683-9773. The State Police will provide the Radio Room operator with the vehicle location, make, model and color, license plate number, and State Police Incident number. The Authority Radio Room will dispatch the Authority tow operator to the scene.

6. Barring emergency or other mutually agreed to circumstances, all vehicles not containing hazardous materials and being under 17,000 pounds will be towed pursuant to these procedures shall be relocated to Authority Impound Lot #1 (2501 Wecacoe Avenue, Philadelphia, P.A.), all other vehicles shall be tow to Impound Lot #4A (3201 N. Delaware Ave.). Costs should include staffing, equipment, maintenance and operating costs for the exclusive Highway towing operation. Reports will be included in the existing submissions to the City of Philadelphia.

8. In the event any vehicle towed and stored by the Authority carries outstanding moving violations or Philadelphia parking violations, and barring a court order otherwise, such costs
shall be paid by the owner of the vehicle to the Authority prior to release in addition to other outstanding costs and fees permitted by the MOU.

9. Except for vehicles towed and stored by the Authority for Live Stop violations, the State Police shall on the date of towing either provide written instructions by hand delivery (when the owner is on the scene at the time of the tow) or mail a letter to the vehicle’s owner stating the vehicle’s location, the manner in which the vehicle may be reclaimed, and the time frame for doing so before the vehicle is declared abandoned or unclaimed.

10. Approximately one week following the towing and storage of any vehicle pursuant to the MOU, such vehicle will be assigned an Authority auction number for reference. Such number will reflect that this vehicle was towed at the request of the State Police and will be given the following letters “ST” which will show that this was a “State Tow”. (e.g. “GS100ST”).

11. The State Police may direct that any fees or costs permitted by law and associated with any vehicle towed and stored by the Authority be paid to the Authority as agent for the State Police as a requirement for the vehicle’s release from storage by the Authority.

JOINT GENERAL COURT REGULATION

COURT OF COMMON PLEAS AND TRAFFIC COURT

No. 98-2

Procedure for Sale of Motor Vehicles Impounded for Driving Without
Operating Privileges or Registration Pursuant to 75 Pa. C.S. §6309.2

On July 2, 1996, Governor Thomas Ridge signed Act No. 1996-93 which authorizes the impoundment and sale of motor vehicles under certain specified situations. The within Joint General Court Regulation sets forth the procedure to be followed in implementing Section 6309.2, which authorizes the impoundment and sale of motor vehicles for driving without operating privileges or registration.

1. Motor Vehicles Eligible for Immobilization and Impoundment. Motor vehicles are subject to immobilization and impoundment for two reasons:

a. Motor vehicles driven by an unlicensed person, or while the person’s operating privilege is suspended, revoked, canceled, recalled or disqualified; or

b. Motor vehicle itself is not registered, or for which the registration is suspended for failure to secure or maintain financial responsibility.

2. Prerequisite to Immobilization and Impoundment. The bases identified in Section 1 above must be verified with the applicable Department of Motor Vehicles by the Philadelphia Police Department before the motor vehicle may be immobilized and impounded.

3. Prerequisites to Impoundment. A motor vehicle may not be impounded for a 24 hour period after it is immobilized so as to enable the owner or operator of the immobilized motor vehicle to appear in Traffic Court and furnish proof of registration and financial responsibility and compliance with Titles 42 and 75. During that 24 hour period, however, the motor vehicle shall be immobilized and may be transferred to a secure location for safe keeping.

4. Designation of Enforcement Officer. The Traffic Court may, from time to time, appoint such "appropriate towing and storage agents" as may be necessary to undertake the impoundment and notification required by Act No. 1996-93.

5. Impoundment. Upon expiration of the 24 hour period as set forth above, if a Certificate of Release has not been issued evidencing compliance with 75 Pa. C.S. §6309.2(b) and Sections 2 and 3 above, the appointed towing and storage agents shall impound the vehicle and store same at an appropriate location.

6. Notice of Impoundment. When applicable, the appropriate law enforcement officer shall issue a citation or summons to the operator of the motor vehicle. The appropriate towing and storage agent shall notify the title owner of the vehicle or combination and any lienholder and, if applicable, the owner of the land, of the fact that the motor vehicle has been impounded pursuant to 75 Pa. C.S. §6309.2 and of their right to recover the said vehicle.
motor vehicle by showing compliance with 75 Pa. C.S. §8309.2(b). The notice shall further provide that if the vehicle is not recovered by a stated date, the vehicle will be sold. The notice shall be substantially in the form set forth hereunder as Exhibit "A". Notice shall be sent to the addresses on file at the appropriate departments of motor vehicle by regular mail, which the Court finds to be the most expeditious means, and a Certificate of Mailing shall be obtained. Notices shall be deemed to have been provided upon the mailing of the notices as set forth herein.

7. Obtaining Leave of Court to Sell Vehicle. A Petition and Motion Court Cover Sheet shall be filed with the Prothonotary and Civil Administration setting forth, inter alia, that prior to impounding the motor vehicle, the operator and owner of the motor vehicle had 24 hours to obtain a certificate of release as provided in 75 Pa. C.S. §8303.2(b), and further setting forth the efforts made to notify the owners, and lienholders of record, the fact that no Certificate of Release has been issued, or if issued, that the vehicle has not been recovered. Copies of the notices sent to the appropriate parties and the Certificates of Mailing shall be attached to the Petition. Upon review of the Petition, the President Judge of the Court of Common Pleas, or his designee, if satisfied that the required Notices were sent, that no Certificate of Release was issued, or that if issued, the vehicle has not been recovered, that the owner or operator of the impounded motor vehicle have not complied with 75 Pa. C.S. §8309.2, and that the requisite fines and costs have not been paid, may enter an Order authorizing the Traffic Court, through its authorized agent, to sell at public auction the motor vehicles described in the said Petition. The Order shall be substantially in the form set forth hereunder as Exhibit "B".

8. Notice of Auction Date and Rights of Owners of Record and Lienholders of Record Pending Auction. Notice of the auction date shall be provided as set forth in Section 6 above. Notice of the public auction shall also be provided by publication at least five (5) days before the auction in either The Philadelphia Inquirer or The Philadelphia Daily News, or as otherwise directed by the Court of Common Pleas. At any time prior to the auction date, any operator, owner, or lienholder, may obtain the release of the motor vehicle upon compliance with 75 Pa. C.S. §8309.2(b) and upon payment of the fines, fees and costs as set forth in the Notice and as may be incurred thereafter, once the certificate of release by the Traffic Court, the motor vehicle must be picked up before the auction set forth in the Notice provided as required in Section 6 above. In the event a vehicle scheduled to be auctioned on a specific date established in accordance with the procedures set forth herein is not auctioned on that date, the said vehicle may be auctioned on a subsequent date provided, however, that the interested parties are provided notice setting forth the date of the rescheduled auction, substantially as set forth in Sections 6 and 8.

9. List of Successful Bidders. At the auction, the Traffic Court and/or its authorized agent, shall maintain a list of the successful bidders. Said list shall be submitted to the Court of Common Pleas within thirty (30) days after the auction to allow for any appeal, if necessary, directing the appropriate departments of transportation to extinguish titles of the prior owners or lienholders of record and to issue certificates of ownership to the successful bidders. The order shall substantially be in the form set forth hereunder as Exhibit "C".

10. Disposition of Proceeds of the Auction. The proceeds from the auction shall be used to satisfy the various fines and costs in the following order: cost of sale (auctioneer, advertising); costs associated with towage and storage; administrative costs imposed by Traffic Court; fines imposed by the Traffic Court on the owner or lienholder of the impounded vehicle or liens, including full payment of any sums which may be due pursuant to a payment plan approved by the Court; and City of Philadelphia parking fines. Any remaining proceeds shall be subject to the demands of the original owner and lienholders of record as their interest may appear. If not claimed within one year, any such remaining proceeds shall be forfeited to the City of Philadelphia or utilized as otherwise provided by the President Judge of the Court of Common Pleas.

11. Post-Auction Petition or Relief. Proceedings instituted after the sale of any motor vehicle conducted as authorized by 75 Pa. C.S. §6309.2 and the within Joint General Court Regulation disputing the underlying facts or offenses rendering the motor vehicle subject to sale or auction shall not invalidate the sale or auction. In the event relief is granted and the underlying offenses discharged, the only entitlement the owner and lienholder may have, if raised within the applicable limitations period, shall be the return of any remaining proceeds from the sale or auction of the motor vehicle as provided in Section 10 above.

12. Effective Date. This Joint General Court Regulation shall become effective immediately.

This Joint General Court Regulation is promulgated in accordance with Act 1999-93, the May 8, 1999 Order of the
Supreme Court of Pennsylvania, Eastern District, No. 168 Judicial Administration, Docket No. 1, Phila. Civ. R. 51 and Pa. R.C.P. 239. As required by Pa. R.C.P. 239, the original Joint General Court Regulation shall be filed with the Prothonotary in a docket maintained for General Court Regulations issued by the President Judge of the Court of Common Pleas, and copies shall be submitted to the Administrative Office of Pennsylvania Courts, the Legislative Reference Bureau and the Civil Procedural Rules Committee. Copies of the Regulation shall also be submitted to Legal Communications, Ltd., The Legal Intelligencer, Jenkins Memorial Law Library and the Law Library for the First Judicial District.

7. Charges fees that are reasonable and customary for the service provided in the emergency towing service's geographic area. Fees must be posted for public inspection in the place of business of the emergency towing service.

B. Established Place of Business: A single location of an emergency towing service, not a subcontractor or substitute service, equipped with the following: business telephone number published and active, secure storage lot, and emergency towing vehicles which comply with the requirements for the class of service, as defined herein. The business shall be directly accessible 24 hours a day, by no more than two telephone numbers. The employment of answering services or devices is not considered as making a business “directly accessible.”

C. Heavy-duty Service: An emergency towing service which possesses the equipment required to perform emergency towing of vehicles weighing in excess of 17,000 pounds including, but not limited to, two heavy duty wreckers. Each required wrecker must have a GVWR of not less than 50,000 pounds and be equipped with a 25-ton winching capability. One wrecker must be equipped with at least a 25,000 pound under-wheel lift. This policy shall address local conditions and the needs of the Department and motorists. Policy approval by the Troop Commander or designee is required.

B. Members on-scene shall provide Communications-Desk Unit personnel with the following information, which shall be forwarded to the emergency towing service contacted for response:
1. All possible information regarding the specific location of the vehicle.

2. The vehicle’s orientation (e.g., on its roof, side, etc.) and surrounding terrain.

3. The potential gross weight of the vehicle as derived from any of the following: registered gross vehicle weight rating, information from the custodian, bills of lading, experience of the member, etc.

C. Members shall consider the need for a recovery service and make requests to Communications-Desk Unit personnel regarding same. Final determination for the use of a recovery service shall rest with the shift supervisor or, if none, the investigating officer.

D. Barring an absent towing service, unforeseen, or exigent circumstances, once an emergency towing service has been contacted by personnel of this Department to provide service, only the towing service contacted should be permitted to provide the service for compensation.

E. For unusual instances requiring highly specialized or very high capacity equipment, a recovery service may hire or lease such equipment to accomplish a specific task.

F. When emergency towing is required, the Emergency Towing Record, Form SP 6-123 Appendage A, shall be utilized to record attempts and results of securing an emergency towing service.

G. Members who encounter a stranded individual in need of transportation, travel directions, fuel, motor vehicle repairs, towing, or other general mechanical assistance, shall endeavor to obtain or provide the required assistance in a safe and expeditious manner. Arrangements for individuals in need of assistance should be made prior to the member’s departure, unless exigent or other unusual circumstances require the immediate departure of the member from the scene, e.g., hazmat incident, violent felony in progress, etc. If a member is
required to depart the scene prior to arranging for the needed assistance, the member shall then contact Communications-Desk Unit personnel to ensure other assistance is dispatched. In all situations, members shall ensure that individuals requiring assistance are in a safe location prior to their departure. Whenever possible, members shall periodically return to the area to ensure the safety of the individual(s) and verify that the required assistance has been provided. Arranging for transportation or, in exceptional circumstances, providing transportation may be necessary to ensure the safety of the individual(s). Members required to transport the stranded individual(s) shall inform Communications-Desk Unit personnel of their location, destination, starting/ending mileage, and the reason for the transport.

H. Members who encounter an individual in need of medical, fire, or other emergency assistance shall obtain or provide the appropriate assistance. Appropriate assistance may include rendering first aid, utilizing a fire extinguisher, having an ambulance or fire personnel dispatched to the scene, or directing or transporting an individual to a medical facility. Members shall not depart the location until assistance has arrived or the individual has been taken to a safe location where the necessary assistance can be obtained.

2.05 UNUSUAL CIRCUMSTANCES

Nothing contained in this regulation shall be construed as prohibiting members from exercising good judgment and utilizing all available resources necessary to preserve life, when unusual circumstances exist. Members should be prepared to articulate the unusual circumstances that gave rise to deviation from this regulation.
