- Improving cooperation and planning with PPA stakeholders, including state and local transportation partners,
- Implementing cutting-edge technology to improve the customer experience and enhance overall management and agency efficiency,

- Encouraging reasonably priced off-street parking through rate setting policies at seven PPA Center City facilities,
- Maintaining and improving neighborhood parking lots to address both residential and commercial demand,
- Providing leadership in partnering with private and public hospitality and tourism entities to enhance the visitor experience,
- Applying the latest technology for a superior customer experience at the parking facilities and at the Philadelphia International Airport in support of this important regional economic engine,
- Encouraging safe, clean, reliable taxicab, limousine and transportation network company service through sound regulations and consistent enforcement,
- Improving vehicle and pedestrian safety in targeted intersections through automated red-light enforcement,
