QUESTIONS TO BE ADDRESSED VIA ADDENDUM #3

1. **Any questions submitted via the Question Submission Form after September 17, 2024 will be addressed in Addendum #3.**

QUESTIONS

1. **Question:** On page 24 of the RFP document, section IV-2. P, it appears that you suggest we are required to transmit the officer-approved violation, complete with images, video, and data, to the Authority's Parking Violation Management System (Duncan Solutions) as part of the violation processing. However, during the pre-proposal meeting, it seemed that the Authority indicated Duncan would handle DMV lookups and manage the subsequent steps, including printing and mailing, which appears inconsistent with the outlined process. Could the agency clarify the responsibilities of the prime contractor in comparison to those of the violation processor? Is the expectation that the prime contractor only needs to submit an evidence packet containing the license plate number?

Response: The Contractor will be responsible for capturing the images and video of the vehicles in violation, uploading them to a backend system, assigning a unique identifying number that will be used as the violation number, crop a plate image, and allow the Authority to review the images and determine if the violation is valid. The System must allow Authority personnel to enter the license plate number of the violating vehicle. Once reviewed and plate number is entered, the Contractor must send the images, video, violation number, violation information, and plate number to the Authority's Violation Management System, currently Duncan Solutions, so that Duncan can run DMV information, populate violation information in its system, and issue notices from their system.

2. **Question:** How many buses are expected to be installed with the bus camera enforcement system.

Response: Currently, there are 152 buses and 38 trolleys that SEPTA will have the Systems installed. This may increase during the contract.

3. **Question:** Regarding requirement IV-2.D.2., the references to flash strobes, poles and electricity costs seem to be applicable to fixed camera systems, rather than a bus-mounted camera system. Would PPA consider removing these references from this requirement.

Response: Flash/strobes (if System utilizes), and electricity costs are the responsibility of the Contactor. Poles are removed from this requirement.

4. **Question:** Regarding requirement IV-2.D.3., the references to power provisioning, hand boxes and electrical junction boxes seem to apply to fixed camera systems, rather than a bus-mounted camera system. Would PPA consider removing these references from this requirement.

Response: Offeror must explain how the System will be powered.

3. In the event that Contractor fails to repair the System malfunction within 48 hours and the System malfunction causes Event Data to be lost or prevents the System from timely transmitting all Violation data and Electronic files to the Parking Violation Management System, Contractor will apply a credit to the Authority's next invoice. The credit amount will be equal to 100% of the monetary base fine amount of every Violation that should have been issued.

18.4. The Authority will rely upon the written statement from the Contractor in denying a RTKL request for the Requested Information unless the Authority determines that the Requested Information is clearly not protected from disclosures under the RTKL. In the event the Authority determines that the Requested Information is clearly not exempt from disclosure, the Contractor must provide the Requested Information to the Authority within 5 days of receipt of written notification of the Authority's determination.

18.5. The Authority will reimburse the Contractor for any costs associated with complying with these provisions only to the extent allowed under the fee schedule established by the Office of Open Records or as otherwise provided by the RTKL if the fee schedule is inapplicable.

The obligations to defend and indemnify the Indemnified Parties will not be reduced in any way by any limitation on the amount or type of damages, compensation, or benefits payable by Contractor or its subcontractors under any employee benefit act including Workers' Compensation Acts, Disability Benefits Acts, or other Employee Benefit Act or by any negligence of the Authority, to the maximum extent permitted by law. Further, Contractor’s compliance with these provisions and the limits of insurance specified in this Contract will not constitute a limitation of Contractor’s liability or otherwise affect Contractor’s obligations to defend and indemnify the Indemnified Parties pursuant to this Contract.

20. INSURANCE REQUIREMENTS

Contractor agrees to have and maintain the insurance policies required and set forth in the RFP. All policies, endorsements, certificates and/or binders will be subject to approval by the Authority's Risk Management Department as to form and content. 21. WAIVER

Contractor agrees that the Authority's waiver of any breach or violation of any provision of this Contract or the omission by the Authority at any time to enforce any default or right reserved to it will not be deemed to be a waiver of any other provision or a waiver of any subsequent breach or violation of the same or any other provision. The Authority's acceptance of the performance of any of Contractor's Services will not be a waiver of any provision of this Contract. All remedies provided for in this Contract may be exercised individually or in combination with any other remedy available hereunder or under applicable laws, rules, and regulations. Contractor will have the right to use the Data solely to perform or correct Services under the Contract with the Authority. Contractor may not use the Data, a subset of the Data, and/or a summary of the Data, or, cause or permit the Data, a subset and/or a summary thereof, to be used by any third party, outside the scope of the Contract without the express written consent of the Authority. Contractor will provide the Authority with all copies of all Data in its possession or control at such times as the Authority deems appropriate.

a) In the hiring of any employee(s) for the manufacture of supplies, performance of work, or any other activity required under the contract or any subcontract, Contractor, each subcontractor, or any person acting on behalf of Contractor or subcontractor shall not discriminate in violation of the Pennsylvania Human Relations Act (PHRA) and applicable federal laws against any citizen of this Commonwealth who is qualified and available to perform the work to which the employment relates.

b) Neither Contractor nor any subcontractor nor any person on their behalf shall in any manner discriminate in violation of the PHRA and applicable federal laws against or intimidate any employee involved in the manufacture of supplies, the performance of work, or any other activity required under the contract.

c) Contractor and each subcontractor shall establish and maintain a written nondiscrimination and sexual harassment policy and shall inform their employees of the policy. The policy must contain a provision that sexual harassment will not be tolerated and employees who practice it will be disciplined. Posting this Nondiscrimination/Sexual Harassment Clause conspicuously in easily accessible and well-lighted places customarily frequented by employees and at or near where the contract services are performed shall satisfy this requirement.

d) Contractor and each subcontractor shall not discriminate in violation of PHRA and applicable federal laws against any subcontractor or supplier who is qualified to perform the work to which the contract relates.

e) Contractor and each subcontractor represent that it is presently in compliance with and will maintain compliance with all applicable federal, state, and local laws and regulations relating to nondiscrimination and sexual harassment. Contractor and each subcontractor further represents that it has filed a Standard Form 100 Employer Information Report (“EEO-1”) with the U.S. Equal Employment Opportunity Commission (“EEOC”) and shall file an annual EEO-1 report with the EEOC as required for employers subject to Title VII of the Civil Rights Act of 1964, as amended, that have 100 or more employees and employers that have federal government contracts or first-tier subcontracts and have 50 or more employees. Contractor and each subcontractor shall, upon request and within the time periods requested by the Commonwealth, furnish all necessary employment documents and records, including EEO-1 reports, and permit access to their books, records, and accounts by the contracting agency and the Bureau of Small Business Opportunities (BSBO), for purpose of ascertaining compliance with provisions of this Nondiscrimination/Sexual Harassment Clause.

f) Contractor shall include the provisions of this Nondiscrimination/Sexual Harassment Clause in every subcontract so that those provisions applicable to subcontractors will be binding upon each subcontractor.

g) Contractor’s and each subcontractor’s obligations pursuant to these provisions are ongoing from and after the effective date of the contract through the termination date thereof. Accordingly, Contractor and each subcontractor shall have an obligation to inform the Authority

if, at any time during the term of the contract, it becomes aware of any actions or occurrences that would result in violation of these provisions.

h) The Authority may cancel or terminate the contract and all money due or to become due under the contract may be forfeited for a violation of the terms and conditions of this Nondiscrimination/Sexual Harassment Clause. In addition, the agency may proceed with debarment or suspension and may place Contractor in Contractor Responsibility File.

12) Americans with Disabilities Act. Contractor agrees as follows.

a) Pursuant to the federal regulations promulgated under the authority of the Americans With Disabilities Act, 28 C.F.R. 35.1010 et. Seq., Contractor understands and agrees that no individual with a disability shall, on the basis of the disability, be excluded from participation on this contract or from activities provided under this contract. As a condition of accepting and executing this contract, Contractor agrees to comply with the "General Prohibitions Against Discrimination," 28 C.F.R. 35.130, and all other regulations promulgated under Title II of the Americans With Disabilities Act, which are applicable to the benefits, services, programs, and activities provided by the Authority through contracts with outside contractors.

13. For violation of any of these Contractor Integrity Provisions the Authority may terminate this and any other contract with Contractor, claim liquidated damages in an amount equal to the value of anything received in breach of these Provisions, claim damages for all additional costs and expenses incurred in obtaining another contractor to complete performance under this contract, and debar and suspend Contractor from doing business with the Authority. These rights and remedies are cumulative, and the use or non-use of anyone shall not preclude the use of all or any other. These rights and remedies are in addition to those the Commonwealth may have under law, statute, regulation, or otherwise.

14. Contractor certifies to the best of its knowledge and belief that within the last five (5) years Contractor or Contractor Related Parties have not:

- a) been indicted or convicted of a crime involving moral turpitude or business honesty or integrity in any jurisdiction;
- b) been suspended, debarred or otherwise disqualified from entering into any contract with any governmental agency;
- c) had any business license or professional license suspended or revoked;
- d) had any sanction or finding of fact imposed as a result of a judicial or administrative proceeding related to fraud, extortion, bribery, bid rigging, embezzlement, misrepresentation or anti-trust; and
- e) been, and is not currently, the subject of a criminal investigation by any federal, state or local prosecuting or investigative agency and/or civil anti-trust investigation by any federal, state or local prosecuting or investigative agency.

If Contractor cannot so certify to the above, then it must submit along with its bid, proposal or contract a written explanation of why such certification cannot be made and the Authority will determine whether a contract may be entered into with Contractor. Contractor's obligation pursuant to this certification is ongoing from and after the effective date of the contract through

the termination date thereof. Accordingly, Contractor shall have an obligation to immediately notify the Authority in writing if at any time during the term of the contract it becomes aware of any event which would cause Contractor's certification or explanation to change. Contractor acknowledges that the Authority may, in its sole discretion, terminate the contract for cause if it learns that any of the certifications made herein are currently false due to intervening factual circumstances or were false or should have been known to be false when entering into the contract.
